SPECIFICATIONS

Toshiba recommends Windows® for everyday computing

Model No.	Toshiba NB200
CPU Technology	Intel® Atom™ Processor N280 (1.66GHz, 512KB L2 Cache, 667MHz FSB)
Operating System	Genuine Windows® XP Home Edition
Chipset	Mobile Intel® GM945GSE Express Chipset
System Memory	1024MB DDR2 SDRAM
Display	10.1" WSVGA Clear SuperView TFT display, resolution 1,024 x 600
Graphics	Intel® GMA 950, up to 224 MB total available graphics memory with 1GB system memory
Hard Disk	160GB (SATA) with shock absorbers
Pointing Device	TouchPad
Communications	Bluetooth V2.1 w/ Enhanced Data Rate , Integrated 802.11bg , 10/100Mbps Ethernet LAN
Built-in Camera	Built in Web Camera
Sound System	Built in Speaker (Single), 16-bit Stereo with Intel® High definition Audio Support
Interfaces	3 x USB 2.0 (incl. 1 x USB 2.0 Sleep n Charge) , RGB, External Mic (stereo), External Headphone (stereo) , 2-in-1 Card Reader (supports SD™ Card, Multimedia Card™)
Battery Type	3-Cell Lithium Ion
AC Adapter	30W Universal AC Adaptor , 3 pin AC cable
Security and Protection	HDD Protection (3D Motion Sensor), Cable Lock, Main Battery Pack (sliding lock), HDD and memory (by screw only), User Power on Password, Supervisor Password, Screen Saver (by software)
Physical Dimensions	263 x 192.3 x 25.4/32.25mm
Weight	1.18kg
Color Variation	Satin Brown, Silky Pink, Snow White, Indigo Blue
Warranty	1-year carry-in Regional Limited Warranty (parts & labor), 1-year battery (carry-in)
Bundled Software	Microsoft® Office Professional 60-days Trial Version, Norton Internet Security™ 2007 (90 days trial), Toshiba ConfigFree™ Connectivity Doctor, Toshiba Zooming Utility, Toshiba Power Saver Utility, Adobe Reader V8.0, Toshiba Camera Assistant Software, Toshiba Disc Creator, HDD Recovery

CPU performance may vary from specifications under certain conditions such as the use of battery instead of AC power, certain external peripherals, certain multimedia applications or network connections, complex modeling software and in areas with low air pressure at high altitude (1,000 metres above sea level) and/or certain temperatures. CPU performance may also vary from specifications due to design configuration. Under some conditions, your computer may automatically shut down as a normal protective measure. To avoid risk of lost data, please make periodic back-up copies. For optimum performance, use your computer only under recommended conditions. Please read detailed restrictions in the product resource guide, visit the Toshiba web site: <http://pc.toshiba-asia.com> and/or contact Toshiba Technical Support. Graphics processor unit (GPU) performance may vary depending on product model, design configuration, applications, power management settings and features utilized. Part of the main system memory may be used by the graphics system and therefore reduce the amount of main system memory available. For PCs configured with 4 GB of system memory, the full system memory space for computing activities will be considerably less and will vary by model and system configuration. One GB means one billion bytes, accessible capacity may be less. Wired and wireless communication capabilities to be applied in countries where approved. Battery life may vary depending on applications, power management settings and features utilized. Recharge time varies depending on usage. Battery may not charge while computer is consuming full power. After a period of time, the battery will lose its ability to perform at maximum capacity and will need to be replaced. This is normal for all batteries. To purchase a new battery pack, see your accessories information that shipped with your computer or visit the Toshiba website <http://pc.toshiba-asia.com>. Small bright dots may appear on your TFT display when you turn on your PC. Your display contains an extremely large number of thin-film transistors (TFT) and is manufactured using high-precision technology. Any small bright dots that may appear on your display are an intrinsic characteristic of the TFT manufacturing technology. Weight may vary depending on product configuration, vendor components, manufacturing variability and options selected. Please check your system specifications to ensure optimal results. Certain notebook chassis are designed to accommodate all possible configurations for an entire product series. Your selected model may not have all the features and specifications corresponding to all of the icons or switches shown on the notebook chassis.

USB 2.0 Sleep & Charge

Accessories

The NB200 is also accompanied by a wide range of colour co-ordinated accessories to match with your style and preference.

- Toshiba Rechargeable Battery 3-cell / 6-cell
- Toshiba Power Adaptor (30W)
- Toshiba External USB 2.0 DVD Super Multi drive
- Toshiba Retractable Mouse (Satin Brown)
- Toshiba Executive Slipcase (Koskin, Beige color)
- Toshiba USB 4-port Mini Hub
- Toshiba Retractable Micro Mouse (Satin Brown, Indigo Blue, Snow White, Silky Pink)

Features

• Tiled-style, full sized ergonomic keyboard

Type away comfortably with the full-sized, stylish tiled-style keyboard on the Toshiba NB200. With an optimal distance between each key, enjoy greater comfort while typing.

• Hard Drive Protection

To protect your data from bumps and other hazards on the road, we've incorporated a 3-axis monitoring system that dynamically detects free falls, shock or vibration in all directions. This protects your hard disk drive and valuable data from damage.

• 10.1" Clear SuperView wide 1024 x 600 screen

Toshiba Clear SuperView screens are rich in contrast, offer extreme brightness, brilliant colours, extraordinary sharpness never seen before in a Notebook PC display.

• ConfigFree™

Simply connect to your favourite networks and devices with Toshiba ConfigFree™, which provides hassle-free, location-based connectivity for wired and wireless networks for an enhanced mobile communication experience.
